### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with J. Mion on 2/20/2004.

The application has been amended as follows:

In claim 18

line 18: after "terminal," insert:

"wherein the portable unit includes an alarm device," ;

line 20: after "in" insert:

"said alarm device of the portable unit" ;

line 20: delete "a portable object including an alarm device" .

The following is an examiner's statement of reasons for allowance:

Claims 18-21 are allowed because the prior art of record does not disclose a communication system with a communication terminal and a portable unit for transmitting acoustic signals therebetween, where the portable unit includes receiving and conversion means and a transmission means for receiving and transmitting acoustic signals, respectively, the portable unit having an alarm device, and the same electro-acoustic transducer being used for the receiving and conversion means and the transmission means, and as the sound generator of the alarm device.

#### Claim for Priority

Applicant's claim for priority based on EP 99115319.8 referred to in the oath is noted. The claim for priority had been examined in the prior Office action in view of the intervening reference WO 99/55057. Applicant filed a translation of the priority document on 1/30/2004. A review of the translation reveals that the priority document lacks reference to at least an amplifier and a demodulator claimed in claim 18. In addition, Figs. 1-3 of this application are absent from the priority document. Consequently, the priority document and translation are insufficient to establish the priority date of 8/3/1999 and remove the WO reference as prior art. The face of the file, however, will reflect that the requirements of 35USC119 have been met.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vit W. Miska whose telephone number is 703-308-3096. The examiner can normally be reached on M-F 9-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Martin can be reached on 703-308-3121. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
